

Brunswick Preservation and Revitalization Committee

**Meeting Notes – June 17, 2019
6:00PM - 7:30PM, Brunswick City Hall**

Attending: Kelly White, Brian Keller, Alan Miner, Kimberly Golden Brandt, Abbie Ricketts, Councilman Nathan Brown

Discussion of Potential Boundaries for a Conservation District

The committee reviewed the boundaries of the potential Conservation District that were discussed at the previous meeting. The committee agreed that the R1 property on the western edge of the district should be removed, along with the R1 properties on the eastern edge of the district. Kelly will follow-up with Abby, who created the maps.

The committee also discussed items to be addressed in design guidelines for the proposed conservation district. Committee members are asked to provide any additions, deletions, or changes to Kelly by 5 PM on Wednesday.

Mr. Taylor will return on July 15 to discuss elements of the draft design guidelines. Holding some future meetings at Alan's office to allow for video conferencing with the consultant was discussed. The meeting space would be open to the public.

Small Area Plan Discussion

The committee continued the discussion of the recently adopted Small Area Plan. The plan includes several action items that directly connect with the work of the committee.
